

ME IN YEAR 3!

Year 3
TERM: Autumn

Rationale/Hook:

We are looking forward to finding out a little more about each other and thinking about what we are already good at doing. As we begin this project, we find some poems all about the our adults in our year group, describing what they enjoy doing and what makes them feel special. Who are they describing? Can we find the clues? It will then be our turn to write our own using information all about ourselves to share with our families.

Lead Subject: PDL

During the 'Me in Year 3' project, the children will be exploring their own identity and those of their peers. We will consider how we all belong to our new classes and new year group. Our similarities and differences will be celebrated!

We will be revisiting the Park Gate Way and the school values. As part of our project, we will consider how we build relationships with those special people around us.

Lead Subject: English

In English, we will be reading and writing poems about ourselves using adventurous vocabulary whilst building upon our sentence skills from Year2. We will also be making inferences about fictional characters and summarising key elements of internet safety to create posters.

Lead Subject: Art

We will be sculpting using clay to create our face. We will be learning how to join clay and use different equipment to create shapes and texture

Applied Subject: Computing

Children will be revising the basics of how to log in and how to save work in the correct place. They will also be revisiting the importance of internet safety and making posters to advise others on how to stay safe online.

School Values: All School Values

We will be looking at all the school values. We want to encourage the children to do their best at all times and to aim high! We will discuss neat presentation, hard work and aiming high in order to fulfil their goals.

Maths

In maths, we will be consolidating our Year 2 learning about place value. We will be revising the value of each digit in a two-digit number. We will look at the concept of 'one hundred' and use this when solving problems.

Outcome:

We look forward to inviting parents and carers in to school to see our classrooms and work produced in this project on Thursday 18th September at 3pm.

Home learning: Please make sure that you read daily to an adult. Continue to record reads at home in your reading record book. We will start counting your reads from Friday 12th September towards your Reading Star badges.

PE
Wednesdays Gymnastics
(inside)
Tuesdays Tennis (outside)

French
Phonics and basic vocabulary
